

LS2-1280-M1T / M1TW / -H1TW / -B1T

Single Needle Lock-stitch Machine with Automatic Undertrimmer

- The operation sound during thread trimming has been reduced with noise reducing measures
- A touch back switch, to which commercially available pullers can be easily attached, is built in
- Threads are sharply cut with the left rotating knife and right fixed knife engagement method
- LIMISERVO motor mounted further enhancing compact size, light weight and functions
